EDUCATION

NYU Stern School of Business *PhD Operations Management: 3.9/4.0 GPA* 2027 (expected)
University of Chicago *M.A. Computational Social Science: 3.54/4.0 GPA* 2020
Master's Thesis: Preferential Access Loyalty Programs in Two-sided Markets
GRE Score: Verbal – 156 and Quant - 170
Shiv Nadar University *Master's in Mathematics: 8.75/10.0 GPA* 2017
Master's Thesis: Study of an Ecological Network in Western Himalayas- Resilience & Critical Components
Shiv Nadar University *B.Sc. (Research) Mathematics (Minor: Economics): 9.0 / 10.0 GPA* 2015
Top 5% of the Graduating Class (out of 265 students)

RESEARCH INTERESTS

Platform Operations, E-commerce Marketplaces, Competition, Digital Privacy, Agentic AI

FELLOWSHIPS AND HONORS

Doctoral Merit Award (2025-2026): NYU Stern School of Business
John Tokar and Steckman Doctoral Fellowship (2025-2026): NYU Stern School of Business
Doctoral Fellowship (2021-2026): NYU Stern School of Business
Merit Scholarship, University of Chicago (2018-2020): Awarded 2/3 Tuition Merit Scholarship for the entirety of my master's study
Merit Scholarship, Shiv Nadar University (2015-2017): Awarded Full Merit Scholarship for M.Sc. Mathematics
Teaching Assistant Fellowship (2015-2017): Tutored following undergraduate courses: Intro. to Probability, Mathematical Methods I and II
Merit Scholarship, Shiv Nadar University (2011-2015): Awarded Full Merit Scholarship for the four years of undergraduate education
M.T.T.S Fellowship (2013): Selected for the prestigious national Mathematics Training and Talent Search (M.T.T.S) program in India
Regional Mathematics Olympiad (2009): Secured State rank 5 in the coveted Regional Mathematics Olympiad, Uttar Pradesh region

PAPERS UNDER REVIEW

Buy Box Allocation and Competitive Effects in Hybrid Marketplaces. With Haotian Song and Wenqiang Xiao. Major Revision at Production and Operations Management
Buy Box and Price Parity: Competitive Effects and Consumer Welfare in Online Marketplaces. With Lauren X. Lu and Wenqiang Xiao. Under Review at Manufacturing & Service Operations Management

WORKING PAPERS

Best for You: AI Assistants, Personalization, and Price Competition on Retail Platforms.
Privacy Labels and Platform Mandated Transparency. With Raveesh Mayya

TEACHING EXPERIENCE

Instructor, NYU Stern School of Business

- **Operations Management, UG Course (OPMG-UB.1)** Winter 2025
Instructional Evaluation Score: 4.92/5.0

Teaching Fellowship, NYU Stern School of Business

- **Foundations of AI Agents** (Instructors: Ilan Lobel, Raveesh Mayya) Summer 2026, Fall 2026
- **Decision Models** (Instructor: Jiawei Zhang) Summer 2026
- **Microeconomics with Calculus** (Instructor: Tommaso Denti) Fall 2024
- **Microeconomics with Algebra** (Instructor: Simon Bowmaker) Fall 2023
- **Revenue Management & Pricing** (Instructor: Gustavo Vulcano) Spring 2023
- **Decision Under Risk** (Instructor: Gustavo Vulcano) Fall 2022

Teaching Assistant, NYU Stern School of Business

- **Operations Management, MBA course** (Instructor: Wenqiang Xiao) Fall 2026
- **Operations Management, UG course** (Instructor: Divya Singhvi) Fall 2023
- **Operations Management, MBA course** (Instructor: Srikanth Jagabathula) Spring 2023

SELECTED PRESENTATIONS

Buy Box and Price Parity: Competitive Effects and Consumer Welfare in Online Marketplaces*

Informs Annual Conference, San Francisco, CA (*Scheduled) 2026

Optimal Buy Box and Price Parity: Competitive Effects and Consumer Welfare in Online Marketplaces

POMS Conference, Reno, NV 2026

Price Competition across Platforms: The Impact of Amazon's Buy Box and Price Parity Rule

POMS Conference, Atlanta, GA 2025

INVITED CONSORTIA

Platform Strategy Research Symposium

2026

PhD Consortium, Questroom School of Business, Boston

PROFESSIONAL SERVICES

NYC Operations Day Joint PhD Colloquium: Co-Organizer

2025, 26

MOILS Seminar Series (NYU Stern School of Business): Organizer

2022

INDUSTRY WORK EXPERIENCE

Gemini Solutions Pvt. Ltd., Gurugram, India. Business Analyst

2017

TECHNICAL SKILLS

- **Programming Languages:** Python, R, MATHEMATICA, MATLAB, VBA (Visual Basic for Applications)
- **Tools and Technical Skills:** n8n, SQL, Tableau, PySpark, AWS, GeoDa, GitHub, Microsoft Excel, UCINET

RELEVANT COURSEWORK

NYU Stern (Ph.D. level): Econometrics I, Microeconomics: Theory and Applications, Operations via Marketplaces, Stochastic Processes, Theoretical Foundations of Machine Learning, Adv. Topics in Data Driven Decision Making, Choice Models in Operations, Convex Optimization, Analytical Models in Marketing, Doctoral Seminar in Digital Economics

University of Chicago (Ph.D. level): Linear Programming, Algorithms, Online Optimization, Networks: Introduction to Modeling and Analysis, Price Theory III

University of Chicago (Master's level): Network Analysis, Game Theory, Introduction to Spatial Data Science, Computer Science with Applications 1 and 2, Perspectives on Computational Modeling for Economics, and Large Scale Computing for the Social Sciences, Competitive Strategy

Shiv Nadar University (Ph.D. level): Analysis I and II (equivalent of Real Analysis and Measure Theory), Topology, Complex Networks, Linear Algebra, Computational Statistics using R
